

Carrying capacities: 250 kg up to 100 t Air pressure: 4 bar or 6 bar

Proven in practice: JDN Air Hoists **PROFI**Series are superior in all places where safety has priority. The **PROFI** Series scores well with its 100% duty rating and explosion protection as standard. This important advantage ensures JDN Air Hoists are especially suitable for applications in hazardous areas.

JDN Air Hoists **PROFI** Series are very robust and therefore suitable for tough industrial applications even in continuous working processes. According to your requirements there are various control systems available. For traversing loads there are also different trolley designs to meet your particular demands.

Where the JDN PROFI excellence has been proven

Aircraft construction, assembly lines, chemical industry, dairies, electro plating, explosives and pyrotechnics industry, food industry, foundries, furniture industry, glass industry, lacquer and varnish factories, match industry, mechanical engineering, auto industry, oil storage plants, on- and offshore, paint shops, paper industry, power plants, refineries, sawmills, shipyards, space industry, tempering plants, textile industry.

Standard Features

- Suitable for application in hazardous areas
- Sensitive infinitely variable speed control for the precise positioning of loads
- · Easy operation
- Suitable for lube-free operation
- 100% duty rating and unlimited duty cycles
- · Low maintenance
- · Low headroom, lightweight
- Sound absorption
- Insensitive to dust, humidity and temperatures ranging from -20°C bis +70°C
- From 1t upwards with overload protection (EC-version)

Technical Details

- Fail-safe starting, low maintenance vane
 motor
- Chain sprocket in the mid section runs in dust-proof maintenance-free ball bearings
- Planetary gear box with long-life grease lubrication, all gears made of tempered or hardened high-grade steel
- Load chain and hooks manufactured from high quality tempered steels with a breaking strength of five times the nominal load

The advantages at a glance

- Strong Fast Silent
 High performance with more efficiency by reliability plus high lifting and lowering speeds. Low sound emissions.
- High Level of Safety
 Integrated emergency stop switch in the main air supply*.

 From 1t upwards with overload protection.
- Oil-Free Operation
 Patented, permanent motor lubrication during operation, using a high-performance grease. No additional motor lubrication required.
- Patented Motor-Brake System
 For operation with low maintenance and little wear. Based on the proven design of the JDN Mini Series.
- Modern Design Compact Size
 Features no protruding control hoses or parts susceptible to damage, making the PROFI also suitable for horizontal pulling.
- · 100% Duty Rating No Downtime
- Ex Classification according to EC Directive on Hazardous Locations 94/9/EEC

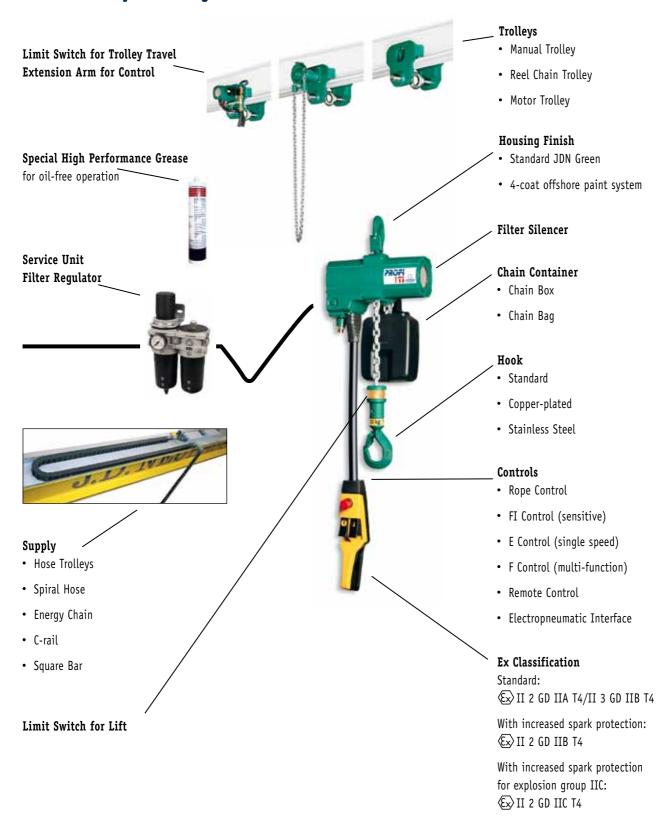

As standard:

- ⟨Ex> II 2 GD IIA T4/II 3 GD IIB T4
 With increased spark protection:
- ⟨€x⟩ II 2 GD IIC T4
